

IAN BAYLY

FRONT-END DEVELOPER

604-537-5985 | ianbaylyy@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio Website](#)

A motivated Front-end Developer who is proficient at developing responsive websites and web applications using technologies such as React and Javascript. A natural leader and people pleaser with excellent communication, collaborative, and organizational skills. Passionate about application design and usability.

EXPERIENCE

FRONT-END DEVELOPER

Techies of Tomorrow

03/2021 - 08/2021

Worked in a cross-platform application development team as a Front-End Developer. Developed software for various industry projects at a high pace, agile and deadline-oriented work environment. Worked directly with key stakeholders and team members to translate business requirements into frontend functionality.

>> Board of Trade - Customer Relations Management System

- Converted mockups and wireframes into responsive components and user interfaces using HTML5, CSS3, and Javascript(ES6+)
- Maintained manageable, well-documented, reusable code according to industry best practices
- Ensured features and implementations work in a cross-browser-compatible, mobile-responsive way
- Developed a front end user-authentication architecture with React Hooks and JWT Web Tokens
- Worked with RESTful APIs, GraphQL third-party APIs, and relational databases

>> Smart City Media - Photo Template Creator

- Developed a mobile responsive photo collection creator built to neatly deliver photo galleries to clients
- Implemented on an existing React.js/Redux codebase
- Performed continuous integration and handled version control with Git features such as branching, merging, and pull requests
- Testing and debugging code during peer code reviews to perfect the user experience
- Worked in an agile scrum framework involving daily stand-ups, sprint planning, and client presentations

SKILLS

>> Soft Skills

- Leadership
- Communication
- Critical Thinking
- Teamwork
- Organization

>> Front-end

- React.js
- JavaScriptES6+
- HTML / CSS
- Styled-Components
- SCSS/SASS

>> Back-end

- Node.js
- Express.js
- MySQL
- AWS

EDUCATION

DIGITAL DESIGN AND DEVELOPMENT - DIPLOMA

British Columbia Institute of Technology

03/2021 - 08/2021

- Educated in Front and Backend Development as well as CMS platforms
- Studied UI/UX design concepts, UI design tools, and rapid prototyping
- Created digital assets for web applications using latest graphic design trends
